AVVERTENZA

Colori esemplificativi, non si garantisce la perfetta corrispondenza con il prodotto finito.

WARNING

Sample colors, perfect correspondence with the end product is not ensured protection to provide energy savings.

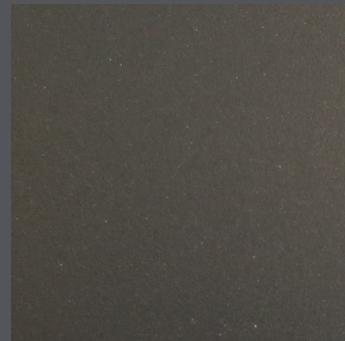

Aluminium

FINITURE

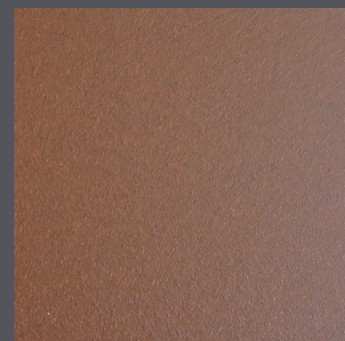

- Profili in lega primaria di alluminio estruso.
- Pretrattamento che migliora l'aggrappaggio della vernice di supporto.
 - Verniciatura con polveri epossidiche a base di resina poliesteri secondo le norme di Qualicoat per una resistenza ottimale ai raggi UV.
 - Trattamento termico di rinvenimento per fissare ulteriormente la vernice e accrescere le capacità meccaniche della superficie.

FINISHING

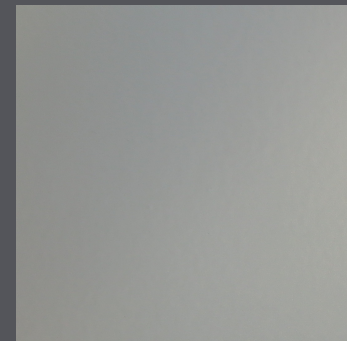

- Extruded aluminum primary alloy profiles.
- Pretreatment which improves the adhesion of the support film.
 - Polyester resin-based epoxy powder paint according to Qualicoat quality standards for perfect resistance to UV rays.
 - Thermal tempering treatment to further fix the paint and increase the mechanical properties of the surface.
